In our journey towards successful achievement of your goals, we shall need constant support and feedback.

Thanking you,

Regards,

Career Planning Team.

Profiling

Your Profiling

Personal Profiling is the first step of career planning. The purpose of profiling is to understand your current career planning stage. It will help you to decide the objective and roadmap for your career. The ultimate objective of the planning is to take you from the current stage of career planning to the optimized stage of career planning. Personal profiling includes information about your current stage, risk involved and action plan for your career development.

Current Stage of Planning

Methodical

Methodical: You are at the Methodological stage in career planning. We understand that you are having enough resources and information about career planning. You have better idea of your career options and career path. But you are in need of concrete plan to achieve the goal. Mostly career decisions are planned.

Risk Involved: Wastage of time, Unnecessary stress.

Action Plan : Prepare Realistic Execution Plan > Timely reviews of action Plan > Believe in yourself

Career Clusters

Your Career Clusters

Career Clusters are groups of similar occupations and industries that require similar skills. It provides a career "road map" for perusing further education and career. It builds a bridge between Education and Career Planning. Career Cluster helps you narrow down your occupation choices based on your assessment responses. Results show which career clusters would be best to explore. A simple graph report shows how you have scored in each of the career clusters.
